YOUR CHALLENGE DAY BY DAY

DAY 1 Sat 15 Nov

-

International departure from London

It's finally time for your long-awaited departure to Cuba. Wave goodbye to friends and family, before you board the flight and embark upon your challenge!

On arrival in Havana, you will be met at the airport by your Charity Challenge local expedition leader who will transfer you to your hotel for a welcome cocktail and dinner. (D)

Accommodation: Hotel

DAY 2 Sun 16 Nov

-

Discover Havana and transfer to Hanabanilla Lake (approx. 5hrs)

Founded in 1519, Havana is the Caribbean's largest city and you will have plenty of time to explore it. Among other attractions in the Cuban capital, you will visit Old Havana, Plaza de Armas and Cathedral Square street markets. After lunch, you will leave the city for your transfer (four to five hours) to Hanabanilla Lake, where you will overnight in a hotel. (B,L,D)

Accommodation: Hotel

DAY 3 Mon 17 Nov

-

Hiking in Hanabanilla Lake (approx. 5-6hrs)

After breakfast you set off from the hotel on foot to trek around Hanabanilla Reservoir. The hotel and reservoir are set high in the Escambray Mountains, and this was formerly a favourite spot for high level Cuban leaders to come to rest, walk and fish. The hotel is simple, but the surroundings are spectacular and provide a wonderful introduction to Cuban endemic flora and fauna. Expect to see the Cuban National Bird, the Toco-ro-ro, and many others who make their habitat in the lush tropical vegetation. The hike takes you along narrow paths around the lakeside, and into the tropical forest where you'll be introduced to some of Cuba's extraordinary flora and fauna. A steep climb takes you up to El Atalaya viewpoint with incredible views across surrounding forests and mountains. Then take a steep descent to the lakeside where your boat awaits, to take you to for a Cuban country lunch. Arrive back at the hotel mid afternoon to relax after your first days hike before tonight's dinner. (B,L,D)

Accommodation: Hacienda or Hotel

DAY 4 Tue 18 Nov

-

From Lake Hanabanilla to Salto de Rocio (approx. 7-8hrs)

Lake Hanabanilla is Cuba's largest man-made reservoir, surrounded by tropical vegetation and small farmsteads. You will take a boat across the lake and continue trekking passed coffee plantations tucked into the forest to Casa de la Gallega, an old hacienda. A further hour's walk brings you to the Salto de Rocio, a 25m high waterfall. From here you will transfer to your accommodation for the next two nights. (B,L,D)

Accommodation: Hacienda or Hotel

DAY 5 *Wed 19 Nov*

-

Hike Caburni to Vegas Grandes (approx. 6-7hrs)

Over the next couple of days, you will trek across the awe inspiring Escambray Mountains, Cuba's second largest range. The highest peak is Pico San Juan at 1,140m. The slopes are swathed in Caribbean pines and an abundance of ancient tree-ferns, bamboo and eucalyptus. After breakfast you will have an arduous, mostly uphill trek along the trail known as Caburní -Vegas Grandes. This trail takes you through dense vegetation deep into the heart of the Escambray Mountains until an astonishing waterfall and natural pond Vegas Grandes. Enjoy a Cuban country lunch before walking back to the hotel. (B,L,D)

Accommodation: Hacienda or Hotel

DAY 6 *Thu 20 Nov*

-

Topes de Collantes to Vega Grande (approx. 8hrs)

After breakfast it's an arduous – mostly uphill trek – along the Vega Grande, which means large fertile plain. This trail takes you through dense vegetation deep into the heart of the Escambray Mountains. You reach Mi Retiro hacienda for a late lunch, before returning for an overnight stay in the hotel in Topes de Collantes. (B,L,D)

Accommodation: Hotel

DAY 7 *Fri 21 Nov*

-

Topes de Collantes to El Cubano (approx. 5-6hrs)

The last day of your trek is through dry scrub with occasional views of the turquoise Caribbean. As the hours pass, you visit our third and final waterfall before celebrating your achievements with lunch and cocktails at a local restaurant. From here you drive to the coast of the Ancon Peninsula, just outside Trinidad. The night is spent in a hotel on southern Cuba's best beach. (B,L,D)

Accommodation: Hotel

DAY 8 *Sat 22 Nov*

-

Relaxation and transfer back to Havana

Chill out at the beach or in the hotel pool. Alternatively, you can explore the charming town of Trinidad. With its cobbled streets and colonial housing, this UNESCO World Heritage Site has hardly changed in more than 150 years. Later you transfer back to Havana for a celebratory dinner and the chance to sample some of Cuba's finest exports – rum and cigars! Overnight in centrally located hotel. (B,L,D)

Accommodation: Hotel

DAY 9 *Sun 23 Nov*

-

Free day in Havana and Departure

Spend more time sight-seeing or perhaps take part in a salsa or rumba lesson. If you're feeling hungry you could grab a bite at one of Havanas many paladares (local Cuban houses that cater for paying guests). Afternoon transfer to the airport for your overnight flight home. (Please note lunch or Dinner is not included today). (B)

DAY 10 *Mon 24 Nov*

-

International departure

You arrive back in the UK at London Heathrow airport in the afternoon.

NB

B = Breakfast; L = Lunch; D = Dinner

The itinerary is there as a guide and may change due to unusual weather patterns, the strength of the group, and so on. We will notify you 12 weeks before departure if this is necessary.

Optional extras

Business class upgrades*
Single room supplements*
Extensions at end of trip*
Travel insurance
(*subject to availability)

Travel insurance

Your safety when travelling with Charity Challenge is our main concern, which is why it is a booking condition that you have a suitable travel insurance policy, which covers you for the adventurous nature of your challenge, the activities you are undertaking, and the altitudes. We have chosen to partner with specialist travel insurance providers Campbell Irvine, who offer cover for an extensive number of adventurous activities. Cover is available directly from Campbell Irvine for most European residents and includes cover for emergency medical and repatriation and for your cancellation or curtailment of the challenge. Full details including costs may be found at <http://www.campbellirvinedirect.com/charitychallenge>.

Level of Difficulty

The Cuban Mountain Trek is graded as Challenging. This is the perfect challenge for participants who are of an adventurous spirit and an open mind, but perhaps haven't taken on a strenuous challenge event before and are hoping to push themselves out of their comfort zone.

You can tell your supporters that you will be:

- Trekking between 6-8 hours a day
- Battling through muddy, slippery, hilly and undulating jungle terrain
- Experiencing high temperatures and humid conditions
- Sleeping under the stars for two nights at local haciendas, with very basic facilities
- The shortest trekking day will be 9km and the longest 18km (approximately)

Typical Day

During the trekking days you will rise early and pack after breakfast, then trek for 4 - 8 hours. There will be a mid-morning water and snack stop, and a picnic lunch on route to try and avoid the midday sun. Accommodation will include basic facilities. Dinner and the day's debriefing are generally after sundown. Specific hours of activity for each day are given in the itinerary.

Safety

Charity Challenge considers the safety of all of our participants and staff to be a top priority, and as such we have set up Challenge Safe, one of the most advanced and thorough safety management systems in the industry. Challenge Safe formalises our ethos when it comes to safety, and brings together the procedures and risk management strategies that we use to audit all aspects of our challenges, from vehicles to accommodation to the challenge activity itself. Your welfare is absolutely paramount!

In terms of your Cuba Mountain Trek challenge, there are a couple of important points that you should be aware of:

- The weather conditions are hot and humid, and as such you should be drinking over 2L of water every day.
- Smoke alarms are not a legal requirement in Cuba, and as such most of the accommodations don't have these safety features. Your leader will explain the emergency procedures to you.
- It is common to see 'jineteros' working the streets in Havana - whether in prostitution or street hustling. A polite 'no thanks' will suffice and you do not need to feel worried for your safety, but as always in a strange city do go out in pairs/groups.

Responsible Tourism

At Charity Challenge we are committed to sustainable and responsible tourism, and work closely with bodies such as the International Porter Protection Group and Climate Care to ensure that our challenges benefit the local environments and communities in which they take place. We ensure that all rubbish is disposed of responsibly, and following local guidelines on cultural and environmental protection and respect, we aim to limit our impact on the natural environment. In addition to taking these practical steps to ensure that our challenges are sustainable, we also make a contribution each year to a number of local community projects, so as to give something back directly to the communities that we visit. Since 2000 we have donated almost £200,000 to such projects, supporting a range

of initiatives, including schooling for children in Africa, shelter for street children in Brazil, and Orang-utan conservation in Indonesia. We recommend that any gifts brought over for children are given to the UK challenge leader and distributed where needed by them and our local Ground Agent. If you wish to do more, you should consider buying drinks, postcards and souvenirs from the local vendors. For many, it is their sole source of income. For more information, please visit our [Responsible Tourism](#) pages section.

Vaccinations & Medication

Vaccinations

For up to date vaccination information please check the Travel Health Pro website:

https://travelhealthpro.org.uk/country/60/cuba#Vaccine_recommendations

Charity Challenge team are not medical experts and we would encourage you to visit your GP or travel nurse to discuss vaccination requirements. Your GP may ask questions about the specific locations that you are visiting so it may be useful to take a copy of your itinerary with you.

Medication

- Carry medicines (including those bought over the counter) in their correctly labelled container, as issued by the pharmacist, in hand luggage
- Consider packing a spare supply of medication in the hold luggage in case of loss of hand luggage
- A letter from the prescriber detailing the medicines with the generic names for the medications can be helpful for border control checks, and in case medicines have to be replaced or medical help is required
- Carry a note from the prescribing physician on letterhead stationery for controlled substances and injection medications
- Take out an appropriate level of travel health insurance including repatriation and specific cover for any pre-existing illnesses

N.B. Some medications are banned abroad so please check you can find further information at

<https://travelhealthpro.org.uk/factsheet/43/medicines-abroad>

Climate & Terrain

Climate

Cuba is generally hot and sunny. But it is a tropical climate and you may therefore experience tropical rain and very

occasionally storms. During the wet season it may be very humid. The hurricane season generally runs from May through to October.

Like the UK, the weather is changeable, and you should be prepared for anything.

Terrain

The terrain is typical jungle terrain, it will be occasionally muddy and slippery, and there could be steep downhill sections. You should wear river shoes when swimming in the waterfalls to protect your feet. Generally speaking the paths are clear, well trodden and easy to navigate.

Training

Training and fitness are definitely required. Anyone who leads a fairly active and moderately healthy lifestyle should be OK 'as long as they train regularly over a period of at least three months' leading up to the expedition. Don't forget that the temperature and the altitudes are different from the UK. While strength is important, endurance training should be your primary focus. Walking up hills and climbing stairs are both ways to condition your lower body. Begin slowly, without the weight of a pack, eventually adding weight as you increase your training pace. Take a long hike (6-8 hours) several times with a weighted pack, up and down hills or on small mountains (weigh your pack with water containers and pour out the water before your descent to minimise knee stress).

Challenge Training

If you would like to get a feel for our challenges ahead of your departure, why not consider booking on a 1 or 2 day UK Challenge?

We have a variety of challenges, covering all levels of difficulty, taking place in stunning National Parks across the UK that are led by highly qualified and experienced expedition and mountain leaders. These challenges will give you the perfect opportunity to monitor fitness levels, test out your kit, meet people in the great outdoors, share fundraising stories and gain valuable advice and support for the challenge ahead. We encourage participants to make use of our highly knowledgeable leaders and ask them any questions you may have about clothing and equipment, expedition health and wellbeing, trekking skills, walking techniques and teamwork!

We are offering all participants **50% off** the registration fee when you book on one of the UK challenges listed via the link below. Just use the code **TRAINING** when booking. T&C's – you must have an active booking on a challenge to avail of this offer. Discount cannot be used in conjunction with any other offer. Find out more [here](#)

Luggage Allowance & Valuables

The luggage allowance will depend on the airline we are using for your challenge, but in general it will be one piece of checked baggage at around 23kg. However, we suggest that for our Cuban Trek you should only need around 15kg-17kg. If you don't need it, don't bring it, is a good rule. Carry any valuable with you at all times. There is a safe deposit box at the hotel in Trinidad, where you can place your valuables. Carry your passport with you and make sure you have a photocopy of your documents (travel insurance etc.) in case they get lost or damaged.

Portable chargers or power banks containing a lithium ion battery must be packed in carry-on bags. Specific regulations regarding power banks may vary depending on the airline, the country you're traveling to, and the type

and capacity of the power bank. It's always a good idea to check with the airline and the destination country's regulations before your flight to ensure that you comply with their specific rules regarding power banks.

Leadership

There will be an English-speaking challenge leader who will be responsible for the logistics and co-ordination of your challenge. There will also be numerous local support staff to assist them. The challenge leader will be ultimately responsible for the running of the itinerary and the safety of your group.

Group Size

To minimise the impact of trekking in this area we will split the group into two smaller groups with one Challenge Leader per group of 16 people. YOU will be staying each night during the trek in haciendas as one group but any group size over 17 people will be split into two trekking groups staggered by 30 mins to leave less footprint.

Each group is intended to be a minimum of 15 people in order to run and a maximum of approximately 30 people due to the wilderness environment in which the challenge takes place. We will be able to run this challenge for 10 to 14 people by charging a small group supplement of £95, which will be added to your final balance invoice (self-funders) or charged to your charity (minimum sponsorship or flexi).

Clothing & Equipment

Good quality, durable kit could mean the difference between a fantastic challenge experience and an uncomfortable one. For this challenge, waterproof, well-worn in boots will be indispensable, particularly coupled with some really good quality walking socks. The benefits of a comfortable day sack cannot be underestimated, so make sure that you train with this. Other essentials are a high quality Gore-Tex waterproof jacket and technical/wicking t-shirts rather than cotton shirts. Walking poles are also highly recommended for steep slippery descents. Some trails will require you to wear longs to avoid being scratched.

It is a good idea to purchase several dry bags 20l-40l to section your kit out in and to keep everything in your day sack protected. A good mosquito repellent is essential and water shoes with grip and toe covered (such as tevas) is necessary for any waterfall visits. This can also double up as a comfortable shoe for the evenings.

A full kit list for this challenge can be found [here](#), and once you book you will have access to kit discounts with our partners The Outdoor Shop, Outdoorhire and Cotswold Outdoor.

Water Bottles: You should bring your own water bottles. Mineral Water in Cuba is proving to be incredibly difficult to source currently. We will be providing water on your challenge of course, but we are also recommending that if you can you bring your own filtration system, so that you have access to safe drinking water everywhere you go.

We are recommending [water to go bottles](#) :

Water-to-Go is a water filter bottle that eliminates up to 99.9999% of all microbiological contaminants including viruses, bacteria, chemicals, and heavy metals from any non-saltwater source in the world, providing safe drinking

water wherever you are. The filters used in the BPA free water bottles are created based on technology originally developed for the NASA space programme. Responsible travel has always underpinned the mission at Charity Challenge, but now we want to go further to reduce our impact on the environment and, among other initiatives, by reducing single-use plastic pollution. Charity Challenge customers can help with this by taking a Water-to-Go filter bottle with them.

Accommodation & Toilets

Accommodation

The accommodation, except in Havana and Trinidad, will be quite basic. On two of the trekking nights you will be sleeping on mattresses under the stars (with shelter under the eaves of the Hacienda, or in tents if necessary). There may not be electricity so remember your torch, and other facilities will be basic. In the hotels, you will be sharing rooms of two. Please let Charity Challenge know if you are travelling with a friend or relative who you wish to share with. If you are travelling with a friend or partner who you wish to share with please ensure that you note this where appropriate when booking or email challenges@charitychallenge.com

Toilets

While staying at hotel you will have private toilet facilities in your twin room. While staying in the haciendas facilities are very basic, with no showers and squat toilets.

Food & Drink

Cuba has suffered from the American embargo, and there are shortages in most sectors of the economy. Often food is repetitive, with a heavy reliance on eggs and chicken. Rice or rice and beans accompany the main meat dish, along with a green salad and fried banana chips. Cerdo Asado; roasted pork, especially spit roasted, is famous in the countryside and is delicious! Please let Charity Challenge know if you have any dietary requirements or allergies.

Money

Currency: Cuba has a dual currency system, and the currency that tourists use is the Cuban Convertible Peso (CUC). The Convertible Peso is a closed currency, which means it cannot be purchased outside of Cuba. You can change your money at the Cadeca (Money Exchange Bureau) at the Airport on landing in Cuba, or at your hotel. For up to date currency exchange, go to www.xe.com.

Credit Cards: Credit cards issued by US companies such as American Express, Citibank and Diners Club, are not valid in Cuba. It is good to take a credit card in case of emergencies, but in the Escambray Mountains it is unlikely that they will be accepted by retailers so you should have adequate cash with you.

ATMs: ATMs are not accessible outside of Havana, so ensure that you take enough cash for the trek and your stay in Trinidad – although the beach hotel in Trinidad is all inclusive, you may choose to go into the city by taxi and spend money there on food etc.

How much to bring: All accommodation, activities and meals are included in the cost of your challenge. We recommend approximately £250 in CUC, for which you should try to request small denominations.

Tipping: Tipping is at your sole discretion and all staff members are paid a fair wage. However, tourism is a tipping culture, and Cuban guides will generally receive a tip at the end of a job well done. If you choose to tip, we would suggest an amount of £6-£10 per participant per challenge day. Your leader will divide this amongst the local staff.

Phone & WiFi

Throughout the challenge the phone and WiFi signal will be limited. At Havana and Hanabánilla, you will have phone signal and WiFi access, but during the trek you will be outside of WiFi signal. This is your opportunity to escape the daily routine!

Emergencies

The event is not run as a race and there is always a large discrepancy in people's walking abilities. This is allowed for. There will be a staff member at the back of the group at all times to ensure that you are not left behind and can take things at your own pace.

Pre-Existing Medical Conditions

We do not professionally vet your medical details. Please assess for yourself whether you are fit and able to take on the challenge. Please review the detailed Trip Notes and itinerary to get a better idea of what is involved. Please speak to your doctor or specialist if you have any concerns about taking part. If you think that there are things we can do to make the challenge more accessible/comfortable for you, it is your responsibility to let us know, and we will then let you know if we can accommodate your request.

Medical Support

First Aid qualified staff will be provided with the medical details that you give on your booking form but please note that they are on the challenge to support with medical matters related to the challenge environment and terrain itself, i.e. heat/cold, high altitude and so on. They will deal with any incidents and accidents (cuts, sprains, breaks and so on). They are not intended to continue any ongoing specialist medical care that you receive in the UK for pre-existing medical conditions, and should not be assumed to have any professional experience of your specific medical condition.

If you have any specific needs around pre-existing medical conditions, you should discuss with your family doctor or specialist in advance and can discuss any advice given by them with the challenge leader or doctor.

“

The challenge was one of the best experiences of my life. I made friends with some very special people whom I hope will remain friends forever.

A once in a lifetime chance to experience the real Cuba! As well as seeing two contrasting cities you will get to stay in rural haciendas and visit local farmers and spend time in their homes. The walking is tough, but it's meant to be!

This challenge allowed me to experience Cuban history, culture, landscape, wildlife and tourism all in one trip! A fantastic trip for exploring those less travelled routes!
