**ITALIAN GREAT LAKES CYCLE
ITALY**

Tue 04 Sep - Sun 09 Sep 2018

In aid of your choice of charity

04 Sep - 09 Sep 2018

6 DAYS | ITALY | EXTREME

Cycle through one of the most beautiful regions in the world on this jaw-dropping ride. Taking in the great lakes of Italy - including Lake Como and Lake Garda - you will ride over 400km tackling alpine foothills, valley paths and mythical climbs as featured on the Giro d'Italia.

- Cycle 400km from Lake Como to Lake Garda
- Tackle alpine foothills with mountain views
- Same roads as used on the Giro d'Italia
- Climb the Madonna de Ghisallo and visit the cycling shrine
- Spectacular scenery

This tough ride will push your limits, but you will take in gorgeous mountain views, have plenty of coffee stops and visit the cycling church of The Madonna di Ghisallo - after climbing it first!

YOUR CHALLENGE DAY BY DAY

DAY 1 Tue 04 Sep

-

International departure from London

Fly to Milan airport where you will get a transfer to the hotel in Bellagio on the shores of Lake Como. On arrival you will have a chance to explore and make last minute adjustments to your bike before the first dinner and a pre-ride briefing. Overnight hotel.

DAY 2 Wed 05 Sep

-

Bellagio loop via Madonna di Ghisallo - 69km/43 miles climbing approximately 1459m)

This ride starts with a beautiful loop around the Bellagio, riding the shores of Lake Como where you will stop for a coffee and lunch in Como city. From here you will take on the Madonna de Ghisallo climb and visit the cycling church and shrine. Overnight hotel.

DAY 3 Thu 06 Sep

-

Bellagio to Bergamo - 111km/69 miles (climbing approximately 1041m)

After a beautiful ferry ride across Lake Como you will cycle the alpine foothills and be rewarded with views of the mountains and spectacular vistas. You will then ride to the city of Bergamo where you will spend the night. Overnight hotel.

DAY 4 Fri 07 Sep

-

Bergamo to Iseo - 79km/49 miles (climbing approximately 741m)

Your day starts with a river valley cycle path out of Bergamo riding towards Clusone where you will stop for coffee and lunch. From here you take in the shores of Lake Iseo before heading to a lakeside hotel with spectacular views. Overnight hotel.

DAY 5 Sat 08 Sep

-

Iseo to Lake Garda - 148km/92 miles (climbing approximately 2440m)

The last day of cycling is also the biggest where you take in four lakes in one day. The distance and climbing is complimented by spectacular scenery where you will finish off this amazing ride at Lake Garda. Overnight hotel.

DAY 6 Sun 09 Sep

-

Return to UK

Today you and your weary legs will be transferred to Venice airport or the city centre where you can fly home or explore Italy more.

NB

The itinerary is there as a guide and may change due to unusual weather patterns, the strength of the group, and so on. We will do our very best to keep to the set itinerary; however we cannot be held responsible for any last minute changes that might occur. In all such circumstances, your expedition leader will have the final say.

HOW TO FUND YOUR CHALLENGE

This page provides you details of the costs of your challenge.
The costs below are per person.

SELF FUNDER

-

Pay a registration fee of £195.00 when you book

Then a balance of £955.00 (8 weeks before your challenge)

Raise as much as you can for your charity.

MINIMUM SPONSORSHIP

-

Registration fee of £195.00 when you book

Raise a minimum of £1950.00 for your charity.

FLEXI

-

Registration fee of £195.00 when you book

Then £195.00 towards challenge costs (8 weeks before your challenge)

Raise a minimum of £1380.00 for your charity.

WHAT'S INCLUDED

Before you go

-

- Members only benefits and discounts at a wide range of clothing and equipment suppliers including Outdoorhire, Cotswold Outdoor, Runners Needs, Snow + Rock, Water to Go, The Altitude Centre, Sporttape and Nomad & MASTA.
- Members only benefits and discounts at a wide range of clothing and equipment suppliers including Outdoorhire, Cotswold Outdoor, Runners Needs, Snow + Rock, Water to Go, The Altitude Centre, Sporttape and Nomad & MASTA.
- Access to your own password protected account including support materials and training schedules
- Risk assessment and emergency management planning
- Discount on personal equipment from The Outdoor Shop, Outdoorhire, Cotswold Outdoor and Nomad & MASTA

On your challenge

-

- Drinks and snacks available throughout the day
- All challenge management before, during and post event
- A Charity Challenge T-Shirt
- A contribution towards funding the reduction of carbon emissions through Climate Care's portfolio of award winning projects
- A donation to a community project in one of the countries in which we operate
- Internal road and air transfers as per the itinerary
- Accommodation during the challenge (usually in twin share)
- Three meals a day (unless otherwise stated in the itinerary)
- Drinking water on challenge days
- Full back-up support including first-aid qualified staff and first-aid supplies

WHAT'S NOT INCLUDED

Before you go

-

- Bike transfer from the UK to Italy and back
- 16 and 20 week trek/bike training schedule
- Fitness training notes
- Access to training weekends (optional and at additional expense)

On your challenge

-

- International flights to and from the UK (including all known UK air taxes, and fuel surcharges, at the time of costing)
- Bike and helmet
- Specialist comprehensive travel insurance

THE DETAILS

Fundraising deadlines

You will need to send your sponsorship money to the charity as you raise it. At least 80% of the minimum sponsorship required must be sent to the charity 10 weeks before departure (by 26/06/2018), and the remaining 20% within 4 weeks of completing the challenge (by 07/10/2018). If you have raised the necessary funds, the charity will then pay the balance of your challenge costs. The charity benefits by keeping the remaining sponsorship money and every pound over and above that you raise.

Prices include all known air taxes

We include ALL known air taxes (including fuel) at the time of costing. Many companies do not include air taxes at all, and clients are therefore hit with a surcharge of three or four hundreds of pounds just before departure. Our aim is to provide you with transparent pricing and clear instructions as to what is included in our prices and if applicable what isn't.

Typical group size

The typical group size is 20 - 31 participants

Small group supplement

The costs and sponsorship levels on our website are based on a minimum of 20 participants. We can run this trip with 16-19 people, but there will be a small group supplement of £30. This is payable by your charity if you book under the Minimum Sponsorship or Flexi options, and by yourself if you choose the Self Funder option. We will notify you 12 weeks before departure if this is necessary.

Optional extras

Travel insurance
Single room supplements*
(*subject to availability)

Travel insurance

Your safety when travelling with Charity Challenge is our main concern, which is why it is a booking condition that you have a suitable travel insurance policy, which covers you for the adventurous nature of your challenge, the activities you are undertaking, and the altitudes. We have chosen to partner with specialist travel insurance providers Campbell Irvine, who offer cover for an extensive number of adventurous activities. Cover is available directly from Campbell Irvine for most European residents and includes cover for emergency medical and repatriation and for your cancellation or curtailment of the challenge. Full details including costs may be found at <https://www.campbellirvine.com/charitychallenge>.

Vehicle Support

At strategic points (where access allows), you have the security of our support vehicle. In the vehicle there will be some space for tired bikers, allowing the chance of a well-earned break if needed. You will also be able to leave extra layers or spare kit here during the day meaning there is no need to carry any equipment other than that you would carry on a normal day ride.

Group Size

The group is intended to be between 20 and 30 people. We can run this trip with groups of 15-19 people, but there will be a small group supplement of £30. This is payable by your charity if you book under the minimum sponsorship or flexi options, and by yourself if you are a self-funder. If a small group supplement is necessary, we will notify you 12 weeks before departure.

Insurance

It is a condition of booking that you have a suitable travel insurance policy whilst participating on the challenge. We have a special policy which covers among other things, medical (emergency, evacuation and repatriation) arrangements, cancellation and curtailment of the challenge, and more specifically for the adventurous activities undertaken on this challenge. If you have your own travel insurance policy, you must ensure that it provides at least the same level of cover as our recommended policy, including protecting the charity in the event of your cancellation 56 days or less prior to departure. If you choose not to purchase our recommended policy when you book we will send you a disclaimer which you should complete and return.

For more general travel insurance questions, please refer to our [FAQs page](#).

Flights

Flights are not included on this ride.

You will need to fly to Milan airport on day 1 where we will arrange your transfer to the accommodation. On the last day, you will need to book flights out of Venice airport as per the itinerary.

Please get in touch with us before booking flights to ensure the correct arrival time. (Please contact flights@charitychallenge.com for further assistance).

Visa

Citizens of EU countries can travel freely in France. Please take your passport as a form of ID.

Money

Currency: Euro. For up to date currency exchange, go to www.xe.com.

Exchange: You should be able to easily exchange money for Euro's at home. You can do it at the airport but it may not be the best rates. For up to date currency exchange, go to: <http://www.xe.com/>

Credit cards: Most major credit cards are accepted in all cities in department stores etc. We recommend you use your cash card and pin number.

Travellers cheques: Banks, Cambios and most hotels will exchange foreign currency and travellers' cheques

Spending money: You will not need a large amount of money during this trip. We suggest you bring a cash card for ATMs (check with your own bank about relevant charges), credit cards and cash for the day. You will only need money for tips, food and drink (additional), gifts & souvenirs and any other additional activity. Approximately £200 in Euros should be sufficient.

Tips: Tipping is personal and at your sole discretion. You should only tip if you feel that you have received good service. We recommend approx. £30 per person and this should be given to the challenge leader at the end of the challenge who will distribute it amongst the support team.

Challenge Training

If you would like to get a feel for our challenges ahead of your departure, why not consider booking on a 1 or 2 day UK Challenge?

We have a variety of challenges, covering all levels of difficulty, taking place in stunning National Parks across the UK that are led by highly qualified and experienced expedition and mountain leaders. These challenges will give you the perfect opportunity to monitor fitness levels, test out your kit, meet people in the great outdoors, share fundraising stories and gain valuable advice and support for the challenge ahead. We encourage participants to make use of our highly knowledgeable leaders and ask them any questions you may have about clothing and equipment, expedition health and wellbeing, trekking skills, walking techniques and teamwork!

We are offering all participants **50% off** the registration fee when you book on one of the UK challenges listed via the link below. Just use the code **TRAINING** when booking. T&C's – you must have an active booking on a challenge to avail of this offer. Discount cannot be used in conjunction with any other offer. Find out more [here](#)

Training

This challenge is suitable for those who are keen cyclists and wish to test themselves. If you are not a confident climber, this ride is still achievable with the correct ride preparation. Start at least 5 months ahead of the ride with some short distances at weekends and whenever you can during the week. 5-10miles is not a great distance and will help your bottom and legs get used to it all. By 3 months prior to departure, you should be able to take on some long rides, up to 30-40miles in a day, and if you live in a flat area it is well worth getting out and finding some hills. They may hurt, but the more of these you do the easier you will find the ride and the rest of your training. Within a month of the ride we recommend that you have done at least one multi-day ride. This will be the best indication of how well you are doing and mentally prepare you for the 7 days to Barcelona. If you cannot maintain a steady average speed of 10 miles per

hour you are unlikely to be able to complete each days cycling. You may therefore be asked to get in the van and not be able to complete the challenge. If possible try to train with a group, as it will make it much easier to get motivated. Contact us for Training Advice notes.

Emergencies

Throughout the challenge, back-up support will be close by. If for any reason any injury should occur, a relief vehicle will be made available. Your leader will be first-aid trained, and in cases of emergency one of the vehicles will evacuate you immediately to the nearest hospital.

Safety

Charity Challenge considers the safety of all of its participants and staff to be a top priority, and as such we have set up one of the most advanced and thorough safety management systems in the industry. In a nutshell, Our Challenge Safe brand (link to Challenge Safe page on new website) formalises our ethos when it comes to safety, and brings together the procedures and risk management strategies that we use to audit all aspects of our challenges, from vehicles to accommodation to the activity itself. Your welfare is paramount!

In terms of your cycle challenge, there are a few important points that you should be aware of:

- You are climbing cols that the professional peloton tackles
- You can experience different weather when climbing the mountain passes
- You can easily dehydrate if you don't take in enough fluids during the day

Phone & wifi

There is wi-fi at the hotels and some cafes on the road. Phone signal should be available throughout the whole trip, although it will come in and out of range on some mountain cols.

Clothing and equipment

You will need to bring your own accessories including, helmet (compulsory), gloves and waterbottles. Due to a number of tunnels, lights are also compulsory on this trip. Due to the unpredictable mountain weather please come prepared for all weather conditions. A waterproof is essential and, although this trip is in summer, it is recommended that you also bring some warm cycling clothes. It is also a good idea to bring shoes suitable for walking along with your cycling shoes.

A full kit list for this challenge can be found [here](#) and once you book you will have access to kit discounts with our partners The Outdoor Shop, Outdoor Hire and Cotswold Outdoor.

It is policy that participants must wear a helmet – this is not provided on the challenge, so please do ensure that you take one to Italy with you. Be aware that cycling can be dangerous and accidents do happen – you must take responsibility for your own safety whilst riding.

Food & drink

In the hotels you will have a continental breakfast buffet. At lunch time you will stop and have a light yet energy filled picnic. Dinner will be either at the hotel or at a local restaurant. Water will be provided throughout. Please let Charity Challenge know prior to departure if you have any specific dietary requirements or allergies.

Accommodation

All accommodation will be in good quality tourist class hotels of 2-3 star rating. Rooms will be used on a twin share basis & all rooms will have their own bathroom. If you are travelling with a friend or partner who you wish to share with, please indicate this where appropriate during the registration process or if you email bookings@charitychallenge.com well in advance.

Level of Difficulty

The Italian Great Lakes Cycle challenge is graded as “extreme”. This challenge is suitable for participants who want to push themselves physically and mentally on roads ridden on Grand Tours. You should not undertake this challenge without significant training.

During your Italian Great Lakes Cycle Challenge you will be:

- Cycling over 400km on Giro d'Italia Cols
- Climb a total elevation of 7,681m
- Tackle the mythical Madonna de Ghisallo climb

We advise that you train by taking long cycle rides, preferably encountering as many hills as possible, in the months leading up to the event – full-day cycle rides will test your stamina for the long days on the challenge. Don't forget that the climate is different to the UK and that you will be exercising constantly for a number of days in the heat and the sunshine.

NB. You will only be expected to carry water & any essentials you would carry on a day ride – our support team will take care of the rest of your luggage.

What happens if I fall ill, can't keep up or there is an emergency?

The back up support vehicle will never be far away and can be used in the event of an emergency. Contact will be maintained between challenge leader, guides and support team. Mobile phones have good general cover and all guides carry one. You will always be given an emergency card with your leader's number on it and those of the guides.

What if I can't keep up

The event is not run as a race and there is always a discrepancy in people's cycling ability. This is catered for as you will be split into sub-groups of approx 10 cyclists of similar ability, each sub-group having its own fully qualified cycling

guide. This means that you can never be left behind and can take things at your own pace. If we find somebody is unable to cycle at all due to illness or injury, then we can transport him/her from one location to the next in the support vehicle.

Typical Day

Wake early and pack bags. Have breakfast, fill water bottles, and load bags onto the support vehicle. Check out of the hotel and warm up. Start the ride and continue cycling until lunch, with refreshment breaks in the morning and afternoon. You will carry on cycling after lunch, arriving at the hotel in time to unwind and freshen up. Evening meal and drinks in the bar.

Responsible Tourism

At Charity Challenge we are committed to sustainable and responsible tourism, and work closely with bodies such as the International Porter Protection Group and Climate Care to ensure that our challenges benefit the local environments and communities in which they take place. We ensure that all rubbish is disposed of responsibly, and following local guidelines on cultural and environmental protection and respect, we aim to limit our impact on the natural environment. In addition to taking these practical steps to ensure that our challenges are sustainable, we also make a contribution each year to a number of local community projects, so as to give something back directly to the communities that we visit. Since 2000 we have donated almost £200,000 to such projects, supporting a range of initiatives, including schooling for children in Africa, shelter for street children in Brazil, and Orang-utan conservation in Indonesia. We recommend that any gifts brought over for children are given to the UK challenge leader and distributed where needed by them and our local Ground Agent. If you wish to do more, you should consider buying drinks, postcards and souvenirs from the local vendors. For many, it is their sole source of income. For more information, please visit our Responsible Tourism section.

Luggage Allowance and valuables

As no formal clothes are needed, luggage should be kept to the absolute minimum – details of what to pack are provided in your kit list. Each day when you begin to ride, your personal kit will be transported to the next hotel. You will only need to have your day bag with you during the day or your jersey pockets and bottles filled.

While we will do everything we can to provide adequate safety for the group and security for your possessions, the general rule is that if you don't need it, don't bring it. This includes jewellery, necklaces, rings and even watches. Your passport and money should be kept on you at all times. If you have an expensive bike frame we advise you to purchase some 'pipe insulation' to protect your bike in the support truck on the way back to London. Whilst every care is taken, we cannot accept liability for any damage. We recommend that everyone should have their belongings and their bike insured. If you take out the insurance policy recommended by Charity Challenge, cover for your bike is excluded. We do not accept any liability in event of damage to your bike. We advise you to get your bike insured on your home contents insurance and you should check this with your own home insurance provider.

Terrain

You will be cycling on tarmac roads and mountain passes. Some areas of the cycle will be very exposed and with

extreme heat and humidity which will be a challenge in itself. You will be tackling some steep climbs throughout the ride to really test your legs! Please ensure you drink plenty of fluids and protect yourself from the sun.

Climate

The climate in Northern Italy in the Lombardy region can vary but during this ride it should be mostly dry and warm, but can get cold on the climbs.

It is best to be prepared for any showers.

Gearing

This route is extremely hilly with many climbs and descents each day. We therefore recommend that you have a triple or a compact chainset to make things a bit easier. Please contact us if you are unsure whether your bike will be suitable.

What do I need to carry on my bike and with me during the ride?

Our support team will of course be taking a full tool kit and a selection of spares, which we will provide should the need arise but it is recommended that you carry the following items on you whilst riding (these can be attached to the bike, carried in a small day sack or bum bag):

- Mobile phone
- Water bottles
- 2/3 x inner tubes
- Mini-puncture repair kit
- Waterproof/windproof lightweight jacket
- Snack bars
- Money
- Passport
- EHIC (European Health Insurance Card)
- We also recommend purchasing at least one spare derailleur hanger for the trip. Please be aware that any spare parts used from the van will be chargeable.

Do I need spares for my bike?

You should take 2-3 spare inner tubes and your own puncture repair kit which will help speed up repairs/changes that need to be made. All of our guides are mechanically-minded who will look after repairs with the equipment from the support vehicles. On some of our events we carry spare bikes. If your bike requires any spare parts, you will need to pay for these at the end of the ride.

How do we know where to go?

Guides will be on hand to help you navigate your way through Italy. However we do recommend installing a Garmin or

similar gps device with the route provided prior to the trip.

Each rider will be provided with garmin gpx or kml files of the route each day which can be used on any cycling navigation device from the major brands. Please ensure you have installed the routes onto your gps before departure and you have checked each one loads correctly.

Please also ensure you are competent in using your navigational equipment and have followed routes on it as part of your training.

This means:

- You won't get lost as the guides have reccied the route and can therefore warn people of dangers
- Mechanical help is always on hand as your guide is also your mechanic
- You'll have the opportunity to learn about cycling techniques
- Your guide will give you motivational and emotional support
- Safety is paramount and our guides are fully aware of their responsibilities
- They will not allow you to cycle without a helmet or without a road worthy bike
- If you are with a guide they can adapt the route to suit slower or faster people
- If you are on a route that is too short for your group the guides may be able to lengthen it
- And lastly you have the opportunity to ride with some of Great Britain's best cyclists who opt to spend some of their free time guiding for Charity Challenge.

Leadership

There will be a first aid qualified challenge leader who speaks English and Italian, plus a fully qualified cycling guide for every 10 participants. The leader & the guides will ultimately be responsible for the running of the itinerary and the safety of your group, so please listen to their instructions.

Do I need my own bike?

If you want to bring your own bike, a bike transfer service (bagged up and transferred ready to ride in Italy) is available at an extra cost. It is essential that your bike is in good mechanical order before the start of the trip.

Bike hire is also available from basic road bikes to full carbon Trek Madone race bikes.

Please email challenges@charitychallenge.com for more information.
